BITFENIX
PANDORA

Clean styling, innovative features, and exceptional build quality - Pandora represents the next level of BitFenix chassis design. The soft curved design is surrounded by luxuriously brushed aluminum side panels that give the entire case a timelessly elegant look that melds perfectly with any modern décor. On the front of the case is another innovation dubbed BitFenix ICON™ – a programmable display that can be customized with a simple drag-and-drop interface, making it simple to personalize the look of your case whenever inspiration strikes. Despite its slim 160mm width, Pandora can accommodate high-octane hardware, such as 240mm water cooling radiators, and expansion cards up to 350mm in length. Users are able to house up to two 3.5" HDDs or three 2.5" SSDs, and to keep all of this hardware running cool, a direct airflow design along with smart cable management features help ensure everything runs frosty. Friendly features like pre-installed standoffs and pop-off screwless side panels help get your system up and running quickly, while magnetic dust filters allow for easy clean up.

Highlights

- **Elegant Slim Design** – Sleek curved styling fits in any environment
- **BitFenix ICON™ Programmable Display** – Personalize your case with a drag-and-drop interface
- **Brushed Aluminum Side Panels** – Elegant Black and Silver variants available
- **Optional Window Side Panel** – Large acrylic window for a direct sightline to your hardware
- **Advanced Hardware Compatibility** – Fits long dual graphics cards and water cooling radiators up to 240mm
- **Direct Airflow Design** – Delivers unobstructed airflow to cool your components
- **DIY Friendly** – Pre-installed standoffs, pop-off side panels, and magnetic dust filters
- **SuperSpeed USB 3.0** – Two ports included for blazing file transfers
- **Trouble-free Installation** – Large CPU cooler cutout, PCI locking tool, and ample cable management

Brushed Aluminum Side Panels

Luxurious Finish for Unmatched Aesthetics

BitFenix ICON™ Programmable Display

Personalize Your Case with a Simple Drag-and-Drop Interface

Optional Window Side Panel

Large Acrylic Window with SSD Cutout
