

# SHADOW

Featuring an incredibly clean design, Shadow brings modern BitFenix styling to a surprisingly affordable ATX form factor. The magnetic door, coated in BitFenix SofTouch™ Surface Treatment, is underlined with a selectable LED accent that can be easily switched to red, blue, or even turned off from the top control panel. A terrific base for the modern PC, Shadow easily accommodates long graphics cards up to 320mm in length, and CPU tower coolers up to 165mm tall. The ample storage capacity enables up to seven 3.5" HDDs to be installed, along with a single 2.5" SSD. Two Superspeed USB 3.0 ports facilitate quick file transfers, and removable dust filters help keep the insides dust free. Equipped with DIY-friendly features such tool-free drive locking, cable management locations, and a powder-coated all-black interior, Shadow delivers a trifecta of style, function, and value.

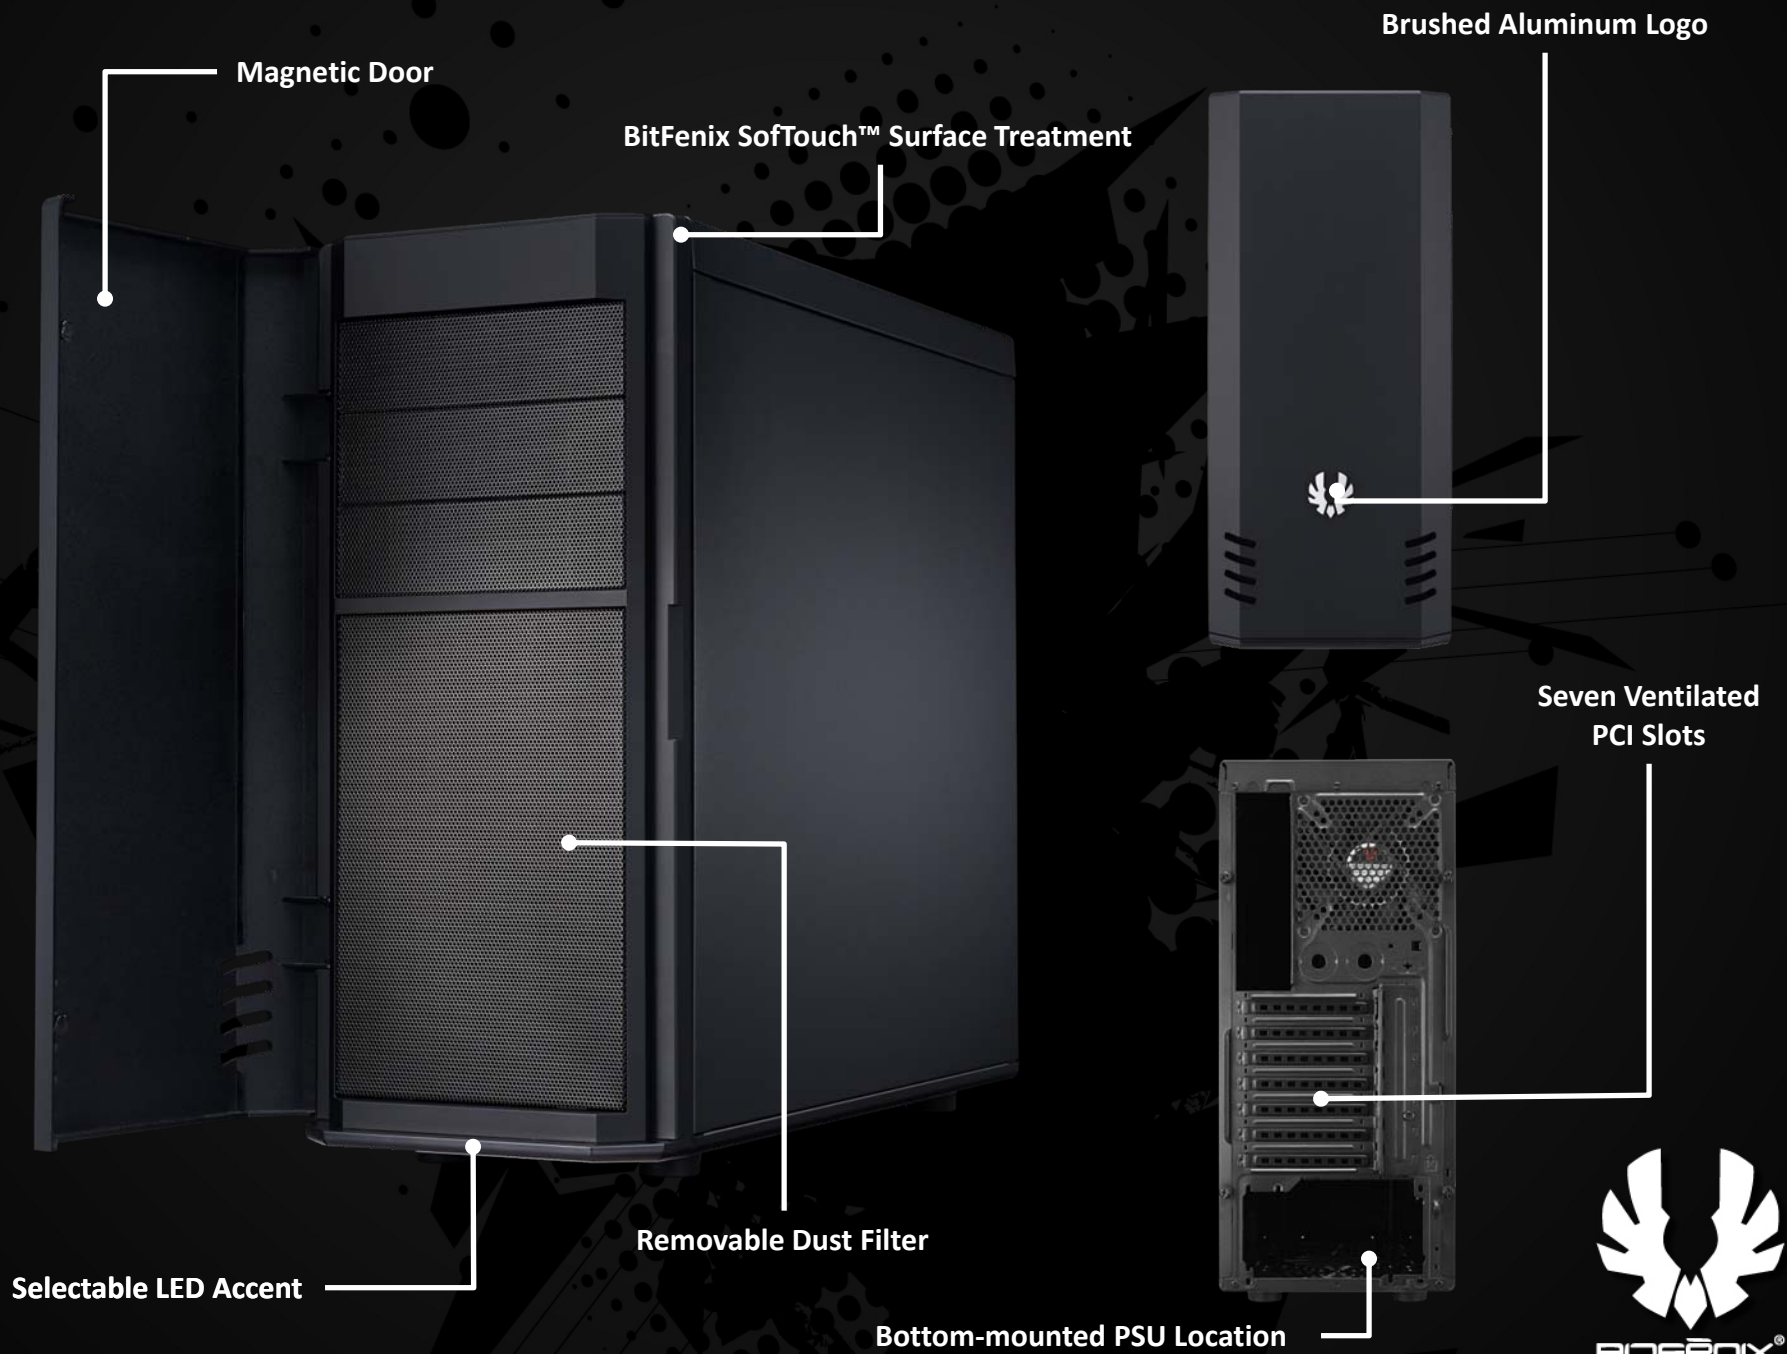

## Highlights

- **Selectable LED Accent** – Choose red or blue light, or turn the lights off with the press of a button
- **Sleek and Modern** – Wonderfully clean and uncompromisingly stylish
- **Enhanced Hardware Compatibility** – Fits long graphics cards and tall CPU coolers
- **Multiple Cooling Options** – Fits up to four 120mm fans with two Spectre™ fans included
- **Ample Storage Capacity** – Install up to seven 3.5" HDDs and one 2.5" SSD
- **Removable Dust Filters** – Filters in front, bottom, and PSU area keeps system dust-free
- **SuperSpeed USB 3.0** – Two ports included for blazing file transfers and fast mobile device charging
- **BitFenix SofTouch™ Surface Treatment** – Luxurious matte finish and soft feel
- **Trouble-free Installation** – Large CPU cooler cutout, cable management, tool-free drive locking
