

# ALCHEMY 2.0

## MAGNETIC LED Strips

## Unmatched color saturation and brightness

Some of the colours are absolutely spanking gorgeous! ...I am very very impressed!

The “rollce royce of LED strips”

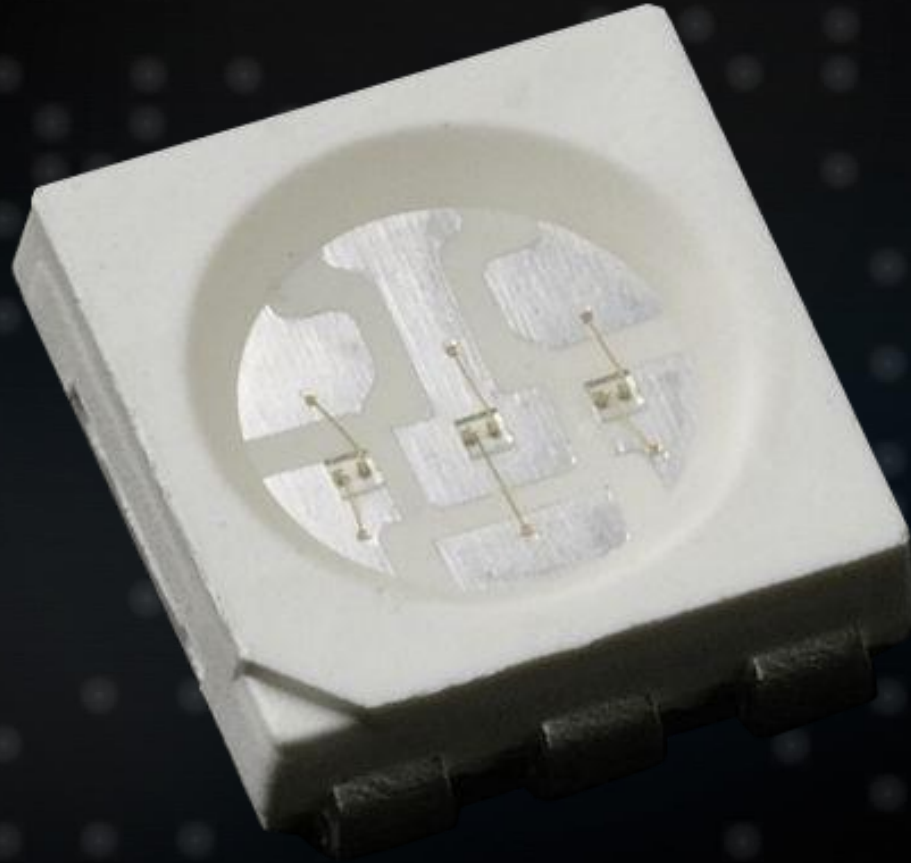

The Bitfenix Alchemy LED strips look amazing

A single strip managed to light up the entire case

## TriBright 5050 LED modules – Top grade industrial LED chips

a

**3x brighter and much better light scatter than single LED chips**

**Now with Magnets!**

a

**Reposition your LED strip until you find the perfect position and angle...**

**Re-use the same LED strips over and over in different builds...**

**Based on Popular Demand: Purple!**

Based on Popular Demand: Yellow-Green!

Wavelength now matches that of the GEFORCE GTX

15cm Longer Power cable

a

50cm

Easier routing in extra large cases and mods

## Pass-through PATA cable

All you need is a single 4pin component/PATA cable

## Flexible bridge adapter

Easy 90 degree bends – connect up to 4 strips in a row
